## EXCELLENT PROGRAM DOMINION DAY SPORTS

### RAD WRECK NARROWLY AVERTED

What might have been a serious wreck occurred in the C. P. R. yards here last Thursday morning. A coal car for a night train ran foul of the Chicago Express passenger train at the west end of the station platform. The animal apparently became jammed between the platform and the truck of the baggage and express car. The coal car was the first of the circus roller across the rail following the front trucks of the first class coach of the train. Fortunately the Express train was proceeding slowly through the yard and was soon brought to a standstill, but not before some 30 or 40 tons of coal were dumped on a considerable section of the platform. The coach was not damaged to any serious extent and all of the passengers escaped unhurt. Surly this occurrence should be a warning for the people to be on their toes off the R.R. property. The heat has been the train being running at a higher rate of speed.

### Calgary Exhibition Better Than Ever.

Prospects are exceedingly promising for the best exhibition ever held in Calgary to take place June 30th to July 7, then for four days His Excellency, Baron Byng of Vimy, Governor-General of Canada, will be the guest of honor in Calgary on his official visit to Western Canada. Baron Byng will perform the official ceremonies of the exhibition on July 30th. Governor-General of Canada, will be an active part in the exhibition activities from then until the close of the exhibition, July 7th. The Girls and Boys Day, which is expected to be the biggest day of the week. The Girls and Boys Day is expected to be the province to be guests of the management that day. Entries closed on June 16th and there is not the slightest doubt that live stock exhibit has year will surpass anything ever seen in Alberta. In the way of entertainment the very best has been obtained. The great popularity of the massed choir at the 1921 exhibition has induced the management to enlarge on that idea for this year and the best choir in Calgary have combined for the purpose of singing at the exhibition. The band will also feature the musical program and several of the best musical vaudeville acts to be seen on the continent have been engaged. Numerous other high class members will combine to form the best grand stand program ever presented in Calgary.

The grand stand performance will conclude each evening with a grand fire works spectacle "Thanks to Air" or "Breaking the Hosiery Line." This is a most elaborate piece and is very popular with patrons of all ages. A special rate of a fare and third will be in effect on all railways for the Calgary Exhibition. For those who are fond of camping out the Calgary Auto Club provides a beautiful camping ground close to the exhibition grounds which the club places at the disposal of exhibition visitors free of charge. Every convenience is provided and St. Patrick's Island, on which the camp is located offers an ideal spot for a week's camping out.

First Friday of each month regular open meeting.

### Every Person is Coming July 1st

It is the aim of the Gleichen District Agricultural Association to make Dominion Day 1922 a long to be remembered day, and with that in view a program has been prepared that should meet with the approval of men, women and children. The intention is to start every event right on time, avoiding those long tedious waits between events that too often spoil an otherwise good day's sport. This will necessarily have to be done if all the events are to be carried through.

The various committees in charge are taking the matter very seriously and are most anxious that all will co-operate with them by being on time and that the contestants will be ready when their events arrive. By this means and this only can the success of the undertaking be assured.

The horse races, Indian races and novelty races will be well worth the price of admission alone, while the tennis for the ladies and boys and girls will surely attract a big crowd.

It is hoped the night dance will be held on Sunday to guard their championship in the tug war contest.

To complete the day's sport the G. W. V. A. are giving an open air dance on the grounds, which will also be very appreciated.

From all over the country reports are coming of those who intend to be in Gleichen for the "big time" and you are invited to join them.

1:30 P. M. SHARP  
BASEBALL GAME—MILV vs. GLEICHEN  
OYST' FOOT RACE—50 Yards, under 14 years.  
Price Value, \$2.00, \$1.00 and 50c.

1:30 P. M. SHARP  
BASEBALL GAME—MILV vs. GLEICHEN.  
Open air dancing under auspices of G. W. V. A.  
Good music will be provided.  
Admission to ball Game 50c. Children 25c.

WITH THE BOY SCOUTS.  
Some weeks ago the Wolf Cubs were assigned certain vacant lots to keep clean. The result of the boys' work is certainly satisfactory, but in some cases the fence and rubbish still remains in heaps to scatter again when one of our gentle spectators comes.

The date of the Scout Rally in Calgary, on the occasion of the visit of the Chief Scout for Canada, has been fixed for 10:30 a.m., July 7th. It is expected that thirty members of our troop will attend. When in Calgary the boys will be billeted with the city troops and will be guests of the Calgary Exhibition.

Farmers take notice.—Do not bring your horse expecting us to buy except on shipping day. Call us up for information. Pioneer Market. Chris. Barted, Prop.

### Gleichen War Record Bank of Commerce

Clark, Wilfrid Leslie—Sergeant, M. M. Born 9th December, 1891, at Lilltown, Ont. Father, F. O. Clark, merchant. Educated at Lilltown High School. ## MERCHANT OR BANKER?

The appended article is published by request, having been taken from the Grain Growers' Guide Dealers Service, and written by J. W. Ward:  
 Mr. Country Merchant, are you a merchant or are you a banker? Is it your function to supply the people of your community with the necessities and comforts of life or is it your business to furnish them with the capital to carry on their chosen avocation?

It must be admitted that at the present time many merchants in Western Canada are more bankers than merchants. There are thousands of retail store keepers in this country to-day who have more of their capital invested in other peoples business than in their own. That is to say, through extension of credit to their customers they are carrying on their books the outstanding accounts more than half the money invested in their business.

Every merchant knows the results which flow from the credit system. In the first place it means loss through bad debts. No matter how careful a merchant may be in granting credit it is impossible entirely to avoid bad accounts. The most honest and industrious man may be overtaken by misfortune—bad crops, ill health, fire, death unemployment, and a thousand and one unforeseen circumstances which will make it impossible to meet his liabilities. To provide against bad debts the merchant who gives credit to his customers must charge a wider margin of profit on his goods than would otherwise be necessary, which is liable to drive trade to mail order houses and city stores where cash is invariably the rule.

Then the credit system ties up a large part of the merchant's capital and compels him, in turn, to secure credit from the wholesaler. The wholesaler, of course, charges interest on overdue accounts, or withholds discount, which increases the cost of goods.

Think of the bookkeeping. How many nights have you spent working over your books, trying to get to bed, having been enjoying a rest after the labors of the day? How much time do you spend trying to collect accounts which in the end have to be written off as bad debts? And the worry! There is satisfaction in handling goods across the counter and ringing up the amount on the cash register that is absent when one hands out the goods and wonders whether they will ever be paid for. It is doubtless true that some customers buy more goods when they have been charged than they would if they had to produce the cash, but every merchant knows it is poor business to sell a man more than he can pay for. Most people have a definite amount of money to spend anyway, and if they buy more than they can afford it is the merchant who gives them credit that will have to stand the loss.

But what is to be done about it; what is the remedy? The remedy I see is for the merchant to stick to merchandising and let the bankers do the banking. The banks, after all, furnish most of the credit now. They give some to the retailer, some to the wholesaler and some to the manufacturer or importer. The bank, of course, the retailer is giving credit to the customer, the wholesaler to the retailer, the manufacturer to the wholesaler, and the bank to the manufacturer. In a way the bank is lending money to the consumer through a chain of intermediaries. And at each point there is risk and worry and loss and added costs. If a man wants credit to enable him to carry on, instead of going to the store keeper for credit he should go to the bank for a loan. Then he could pay cash for his goods and the retailer could get his discounts.

If this rule was followed, universally, business right back to the retailer to the manufacturer could be put practically on a cash basis. With bad debts, interest charges, credit entries and collection costs eliminated, business could be conducted more economically and with much more satisfactory results for all concerned.

It may be said that the giving of credit has become a custom of the country and no single merchant can get away from it. This assumption has been proved wrong throughout Western Canada where individual merchants in certain localities have forsaken the credit system and established a good thriving and going business on a cash basis. I grant you it is an easy task, but to the merchant who is giving indiscriminate and extended credit to his customers I would suggest that his first step be a notice to all his customers that he is required to meet his accounts more promptly and can secure better terms from the wholesalers by paying on short time or cash, he is, therefore, going to limit his term of credit thirty days, that is, any one buying on credit during the current month will have to settle for same before the end of the month following. By sticking strictly to this and enforcing this principle he will eliminate long credits and gradually get people down to a basis where they will realize that they have got to pay up every month. The merchant of course, can show them where, by doing this, he will be able to give them a discount on former prices. The interest that he formerly had to pay the wholesaler and bank he can now allow them of the price of the goods. This is always an inducement for the customer to meet your demands.

Once you got the thirty days' principle established in your district, you will find it quite easy to put on special discount sales for cash, and further, to offer special inducements to those wishing to pay you cash by showing them how you can afford to sell for less money when you don't have to do bookkeeping, rendering of statements and collecting accounts. By these and various other methods you can gradually work in the cash system and before your customers realize it you have got

them educated to the idea of paying cash and taking a discount and saving themselves money.

After all, it is principally a matter of educating your customers to the idea of the benefit they derive themselves from paying cash and to the superior service you can give them when you realize cash yourself and pay cash for your goods.

Finally, I would say that in the matter of establishing a cash business, as against a credit one, it is almost wholly a matter of education. If you can educate your customers to realize that it is in their own interests to pay you cash for the goods they get from you, you are going to get their cash. They may be "from Missouri" and have to be shown, but then it is part of your selling business to show them.

If you are a merchant who has been giving credit indiscriminately and are rather fearful of the cash proposition, just take a few moments to yourself and think over the number of huge businesses that have been built up on a cash basis, small profits and big turnover. What they have done you can do.

## Dunlop Double-Life, High-Mileage Cord and Fabric Tires Will Save You More Money Than Ever

Compared to a few years ago tire users are getting easily double—and even more than double—the mileage in the life of today.

Now, twelve and fifteen thousand miles are just average mileages to-day. And the records on the road show that Dunlop Cord Tires and Dunlop Fabric Tires are even exceeding these mileages.

With Dunlop big mileage you have rock-bottom prices and paramount tire quality—tire quality that is accepted as standard to-day, and which other makers are vainly striving to duplicate.

When you can get a tire with the prestige back of it like DUNLOP, and with practically an unlimited guarantee, why chance your year on a second-rate tire at any price?

In Dunlop Cord Tires you have "Traction" and "Ribbed" to choose from. In Dunlop Fabric Tires you have "Traction," "Ribbed," "Special," "Clasper," "Plain."

## Railway News

Following the procedure in previous years, the Canadian Pacific Railway has followed a temporary branch the length of the Canadian Pacific at the T. A. L. line, under the management of J. H. H. H.

From now on Canadian Pacific mail will be carried by the T. A. L. line, instead of at the T. A. L. line, as before.

The passenger movement of the Canadian Pacific Railway will be maintained by the T. A. L. line, as before.

The Canadian Pacific Railway will be maintained by the T. A. L. line, as before.

# If You Trade Out of Town and I Trade Out of Town What Will Become of Our Town?

## The Dollar Spent in Gleichen will "Remain at Home to Boost"

Read these articles with care. They may present something you haven't thought of before. Patronize the people whose advertisements are here. They are neighbors and will treat you right. The money you spend with them stays in circulation in your district.

### YOU SHOULD BE AS LOYAL TO YOUR COMMUNITY AS TO YOUR NAME

"COPYRIGHT"  
The Gleichen citizens listed here, conscious of the fact that thousands of dollars are being sent out of this territory for merchandise that can be bought at home, have launched a campaign in the hope that it will create a stronger feeling of community interest—an sentiment most vital for the prosperity of the entire community. In bold type you, therefore, read the slogan that they propose to popularize "TRADE IN YOUR OWN TOWN."

The time for consideration of this question could not be more opportune than the present. "Financial Prostration" is the watchword of Canada, should be of home and can be accomplished in no more far-reaching manner than by real co-operation in this vitally important "TRADE AT HOME" movement. It is a thought that should be taken to heart and given consideration by every person who earns their living in, or owes their success to, this community.

This campaign is launched in the firm belief that the people of this community will follow the dictates of their conscience, and bring the "TRADE AT HOME CAMPAIGN" to an actuality that will be of vast benefit to the entire territory.

This movement is a selfish propaganda of these progressive firms who have combined in co-operative community appeal. They are sure to read the brief message they will give you each week through the columns of The Call.

The first reason for "TRADE AT HOME" will not only help the retail merchant, but the manufacturer and jobber, the farmers adjacent to our town, and it will also be in every line of business. It will either directly or indirectly benefit every individual in this section.

A. N. McLEAY, Secy-Treas.

## Subscribe to the Call.

## DISTRICT AND LOCAL

Very interesting article will appear each week during "The Trade at Home" campaign. Don't miss any of them.

The next Queenstown U. F. A. and U. W. F. A. monthly meeting takes place in the hall on Tuesday, June 27, at 8 p.m. The place and date for the annual picnic will be decided upon at this meeting.

A. D. Betty placed the following ad in the Call a couple of weeks ago at the cost of \$1 and says he sold more than 2000 plants as a result, and that he still is receiving orders. He also says he is surprised to find the orders coming from such a distance:

CABBAGE PLANTS FOR SALE—Fine, healthy plants. Any quantity. Place your orders early. A. D. Betty, Phone 11, Gleichen. 11

Now is the time to borrow your neighbor's tent and go camping. Look at the big fish stories you will have upon your return.

Once more the boys are enjoying their swim in the back waters of the slow river. "It's Fun. Come on in," say they.

The ladies of the Union Church Circle will hold a Lawn Tea at the home of Mrs. D. Hutchison, on Saturday, June 24, at 3 p.m. Ice cream and sherbert will also be served with tea. An interesting musical program has been arranged.

## Milo Defeats Gleichen

Last Wednesday the Bassano baseball team came to Gleichen and went away happy as they had the long end of a 3 to 2 score. The game was played in a very high wind which made good fielding impossible. McArthur pitched for Gleichen and buried a very fine game striking out Bill Forster on two different occasions, once with three men on bases. The boys all performed very well considering the high wind.

Batteries: Bassano, Oleksik and Fortier. Gleichen: McArthur and Russell. On Friday evening our boys were visiting with the Milo boys who surely showed a good time to the Gleichen people who were in attendance. The game was fast and snappy throughout and called for round after round of applause. Milo carried off the premier honors with 7 runs while Gleichen had to be content with 6 runs.

Miller was on the mound for Milo and pitched a masterly game, striking out eleven of the visitors from Gleichen. Plant who started for Gleichen was going good but due to a sore arm had to be relieved. Stevenson who took over the task made a marvelous showing in the seven innings in which he officiated. Milo scored only one run and secured three hits from his delivery but the bad first innings when Milo scored five runs were sufficient to win.

Bert James caught for Gleichen and has all the ear marks for making a bang up catcher.

Batteries: Milo, Miller and LePage. Gleichen, Plant, Stevenson and James.

## COMING EVENTS

June 15 — Blackfoot Municipality poll re animals running at large.

June 17 — 15th of June cooking and work by W.A. of St. Andrew's Church.

June 21 — Illustrated Lecture in the Union Church on Child's Welfare.
